SATURATED THICKNESS OF POST-OLIGOCENE DEPOSITS IN THE FRENCHMAN CREEK BASIN

WATER SUPPLY PAPER 1577
PLATE 8

EXPLANATION

- Less than 20 feet
- 20-100 feet
- 100-200 feet
- 200-300 feet
- More than 300 feet

Thickness of saturated zone in post-Oligocene deposits

Lines of equal saturated thickness

Approximate boundary of Frenchman Creek basin

5 10 15 20 25 MILES
