

EXPLANATION

— 19.5 —
Piezometric contour
Dashed where inferred. Contour interval
0.5 meter. Datum is mean sea level

● 13.12
Well
Control point for piezometric map. Where
piezometric contours could not be drawn
owing to lack of data, number indicates
altitude of piezometric surface in meters

▨ AREA 5
Area of intensive pumping

Maps of Israel in this report bear a standard
rectangular grid with 10-kilometer subdivisions

The representations of international boundaries
on this map are not necessarily authoritative
