

EXPLANATION

- Inner Blue Grass
Limestone with little shale
- Eden shale belt
Shale with little limestone
- Outer Blue Grass
Limestone and shale
- Knobs
Limestone, shale, and siltstone
- Spot chemical analysis
- Periodic chemical analysis
- Daily chemical analysis
- Boundary of drainage basin
- Boundary of subdrainage basin
- Station number
See Text
- Bar diagrams show dissolved solids at high and low flows as indicated

Chemical analyses

Base from general county highway maps of Kentucky, 1950, Kentucky State Highway Department, State-wide planning Survey
