

**EXPLANATION**

150  
Depth to water contour in feet below land surface  
Dashed where approximate. Depths to water determined from measurements or reliable data obtained during summers of 1958 and 1959

- 0 to 50 ft
- 50 to 100 ft
- 100 to 150 ft
- 150 to 200 ft
- 200 to 250 ft
- 250 to 300 ft
- >300 ft

● 80  
Well  
Number shows depth to water in feet
