

EXPLANATION

- 192 Nonflowing well
- 210 Flowing well

■ Outcrop area of Tuscaloosa Formation

— 200 — Piezometric contour

Dashed where approximate. Contour interval 20 feet; datum is mean sea level. Subsequent water-level checks in 1960 and 1963 indicated no significant change in piezometric contours since 1954.

Note: Geologic profile A-A' shown on plate 3

Base from Army Map Service 1:250,000 series:  
Athens, 1953; and Augusta, 1957
